

KELLY SIGLER

Horsemanship For Your Journey

Riding/Driving Clinic with Kelly & Anna Shaw

November 19-20

Lexington VA

We will be teaching how to prepare your horse for driving naturally. Anna will bring her ponies so you can practice driving with a seasoned veteran.

You will learn the basics at this clinic. with your horse. Learn the parts of the harness and how they fit on the horse. Have your horse feel ropes on various parts of his body in simulations and see how he does with dragging objects behind in preparation for one day hooking up a cart.

This is a learning clinic for both you and your horse. Do not expect your horse to be ready to drive by the end, however you will have the tools you need to get there! There will have a second camp in December at Kelly's Looking Glass Farm Wagener SC for the next steps—hooking up to a cart.
